If your property is located in a certificated area there may be special costs or charges that you will be required to pay before you can receive water or sewer service. There may be a period required to construct lines or other facilities necessary to provide water or sewer service to your property. You are advised to determine if the property is in a certificated area and contact the utility service provider to determine the cost that you will be required to pay and the period, if any, that is required to provide water or sewer service to your property. The undersigned Buyer hereby acknowledges receipt of the foregoing notice at or before the execution of a binding contract for the purchase of the real property described in Paragraph 2 or at closing of purchase of the real property.

The assessment may be due annually or in periodic installments. obligation may be governed by Chapter 5, Subchapter G of the Texas Property Code.

If Buyer purchases a residential service contract, Seller shall reimburse Buyer at closing for the cost of the residential service contract in an amount not exceeding \$ 500.00. - C. **DEMAND:** Upon termination of this contract, either party or the escrow agent may send a release of earnest money to each party and the parties shall execute counterparts of the release and deliver same to the escrow agent.
